

Elijah Farrell

Watertown, New York • (315) 804-0601 • farrellelijah@outlook.com

Computer Science graduate with experience developing software, troubleshooting technical issues, and supporting team operations. Seeking an opportunity to apply my technical background and continue developing my technical and professional skills.

Experience

Supervisor of Janitorial Services – The ARC Jefferson

Watertown, NY | June 22, 2026 – Present

- Supervise custodial staff while performing hands-on cleaning duties to maintain facility cleanliness and sanitation standards
- Create and organize cleaning schedules, assign tasks, and monitor completion of daily custodial responsibilities
- Train and support team members on proper cleaning procedures, safety practices, and facility expectations
- Address work quality concerns, respond to facility needs, and communicate updates with management

Janitor – The ARC Jefferson

Watertown, NY | Nov 05, 2025 – June 22, 2026

- Work independently to maintain cleanliness and sanitation throughout a preschool and dayhab facility
- Perform routine waste removal, restroom cleaning, floor care, surface sanitation, and supply restocking
- Respond to staff requests for spills, sanitation needs, and other cleaning concerns throughout the facility

Research Assistant – SUNY Polytechnic Institute (CESSAIR)

Utica, NY | Feb 2025 – May 2025

- Developed BorgChat, a C++ desktop application used to support AI research initiatives within the CESSAIR BORG infrastructure
- Implemented application features, user interfaces, and backend functionality while collaborating with a multi-person development team
- Coordinated development efforts by assigning tasks, integrating contributions, and supporting project milestones
- Troubleshot technical issues, tested functionality, and assisted with application deployment in a research environment

Education

B.S. Computer Science – SUNY Polytechnic Institute, May 2025 | 3.88 GPA

A.S. Computer Science – Jefferson Community College, 2023
